Date : January 17, 2013

Source : Michigan Resident Cancer Incidence File. Includes cases diagnosed in 1995 - 2009 and processed by the Michigan Department of Community Health, Division for Vital Records and Health Statistics by December 29, 2011.

Age-adjusted rates are computed by the direct method, and are age-adjusted to the 2000 U.S. standard population. Rates are per 100,000 population in the specified group.

ZIP code populations for 1994 were used for 1995 - 1998, populations for 2000 were used for 1999 - 2006, and populations for 2010 were used for 2007 - 2009.

Public Health - Muskegon County, presented at a January 17, 2013 meeting
